Welcome

Welcome to the Plympton Primary Out of School Hours Care (OSHC) program. We provide a stimulating and fun program, in a safe and warm environment. Throughout this handbook you will find lots of valuable information. If you have any additional questions that are not answered in our handbook, then please speak to the Director.

Philosophy

At Plympton Primary OSHC, we believe that we are a valuable and integral part of the school community. We strive to provide a stimulating and enriching program for children of all ages, gender, race, religion and ability in a friendly and safe environment.

We are a valuable and integral part of the school community and value highly our relationship with the school. Our philosophy is underpinned by Plympton Primary School's Values with a vision of inspiring every child to excel by fostering creativity, teamwork and a love of learning in a welcoming environment.

Values are:

Kindness

Belonging

Curiosity

Perseverance

We believe in giving the children the opportunity to learn through play and at the same time giving them the opportunity to develop lifelong skills. We feel each child in our service is individual, unique and important. They have the right to develop to their full potential. Therefore, our program approach allows children to have a variety of activities available to them. This allows them to explore, imagine, create, problem-solve, develop independence, socialise and have fun. This is done through offering a range of approaches, including programming for both small and large group play, providing an area for quiet time & having a range of both structured and unstructured time. We also set up our service, so children have continual access to toys and equipment, making it easier for them to initiate their own ideas and have settings for un-interrupted learning. Through this we hope to enhance children's learning, development, engagement, self-worth and dignity.

We aim for our environment to be one where children feel safe, secure, respected and where they are given appropriate levels of responsibility. We want our environment to be welcoming. Where all children and families feel valued and are actively encouraged to work with staff about program decisions. This enables us to ensure that experiences in our program are meaningful and where it can recognise and respect the diversity of their families.

We aspire to provide high quality care and in order to do this, we believe in the need to continually revise our service policies and procedures and part of this involves the need for ongoing training and continually developing our professional knowledge. We also believe in the need to critically reflect our ongoing beliefs, program and environmental layout in order to make sure all children's wellbeing needs

are being met.

We feel that quality educators are essential for a successful and stimulating program and understand that children thrive best in an environment where staff are happy and everyone is working well as a team, with consistent expectations and consequences. Therefore, to make sure our educators are happy we aim to; respect the diversity of staff backgrounds & experiences, value the skills & knowledge they bring; encourage ongoing professional development and maintain a safe and supportive working environment.

School Structure & Organisation

Plympton Primary OSHC is operated under the direction of the Plympton Primary School Council. The School Council acts on the advice of the OSHC Advisory Committee. The Advisory Committee comprises of parents' representatives, the OSHC Director and Principal of Plympton Primary School. This committee meets twice a term in week 2 & 7. The management committee will ensure that all relevant guidelines, Acts and regulations are adhered to in the management of the service (e.g. – funding guidelines, relevant industrial awards). However, all issues including policies and management issues should be directed to the Director.

Quality Assurance

Every licensed OSHC service in Australia is assessed on their capacity to meet the Australian Quality Standards in order to ensure that children in Outside School Hours Care have stimulating, positive experiences and interactions that foster their self-esteem and confidence. The National Quality Standards comprise 7 quality areas that services are measured against to determine the quality of care they provide to children and families.

The seven areas are:

- QA1 Educational Program and Practice
- QA2 Children's Health and Safety
- QA3 Physical Environment
- QA4 Staffing Arrangements
- QA5 Relationships with Children
- QA6 Collaborative partnerships with families and Communities
- QA7 Governance and Leadership

Our OSHC Service is rated 'Meeting' by ACECQA in all 7 Areas of National Quality standards.

These activities are based on spontaneous request reflecting the interest of the child at the service. Breakfast is served between 6.45am and 8:00am. Milk, cereal, toast and spreads are provided.

After School Care

Children are greeted and signed-in on arrival. Our service provides child-centred developmental programs. The programs are planned for all children and incorporate children's ideas and opinions. The program provides children with choice and variety (eg. indoor/outdoor, quiet/active, group/individual). A variety of structured activities such as cooking, craft, sports are organised daily. We also participate in the Active After School Sports program when it is on.

Afternoon tea is served about 3:45pm, which consists of a fruit & vegetable platter and a healthy snack. At Plympton OSHC we follow the 'Rite Bite' guidelines, (refer to nutrition policy for further information). We also have a no nut policy, as we have children who are allergic to them. Our weekly menu is displayed on the board in the office.
